Start Date: 20th September'22

Doubt Clear Time:

Course Time: 7PM - 8PM IST

Features:

Course material

Course resources

On demand recorded videos

Practical exercises

Quizzes

Assignments

Course completion certificate

What we learn:

Getting Started With Automation Testing - Orientation Program

Roadmap to learn Automation Testing

Different tools for automation in each category

Web Automation using Selenium

Interacting with Web Elements

Automating Web Application End-to-End Scenarios Using Selenium

Requirements:

System with Internet Connection

Interest to learn

Dedication

Instructor:

Name:

Mukesh Otwani

Description:

Myself Mukesh Otwani having 10 years of experience in Automation Testing and worked with Dell International and SAP Labs India. I am also passionate teacher, mentor,have been into teaching for 8 years now and running a YouTube channel with 137000 subscribers and 480+ videos on different

tools and libraries.

>Day 1:

>>Getting Started With Automation Testing - Roadmap to learn Automation Testing

>Day 2:

>>Getting Started With Selenium - Downloading and Installation - WebDriver and WebE

>Day 3:

>>Interacting With WebElements

>Day 4:

>>Automating Web Application Using Selenium 4
